

What To Wear Weather

Created by Andrew Gordon, Tommy Hoffmann,
Daniel Zurawski, and Connor McGuinness

Background

- Nobody cares about weather nerd stuff like humidity, windspeed, pressure, etc
- Eliminate thinking and go straight to how to dress

Use Case 02

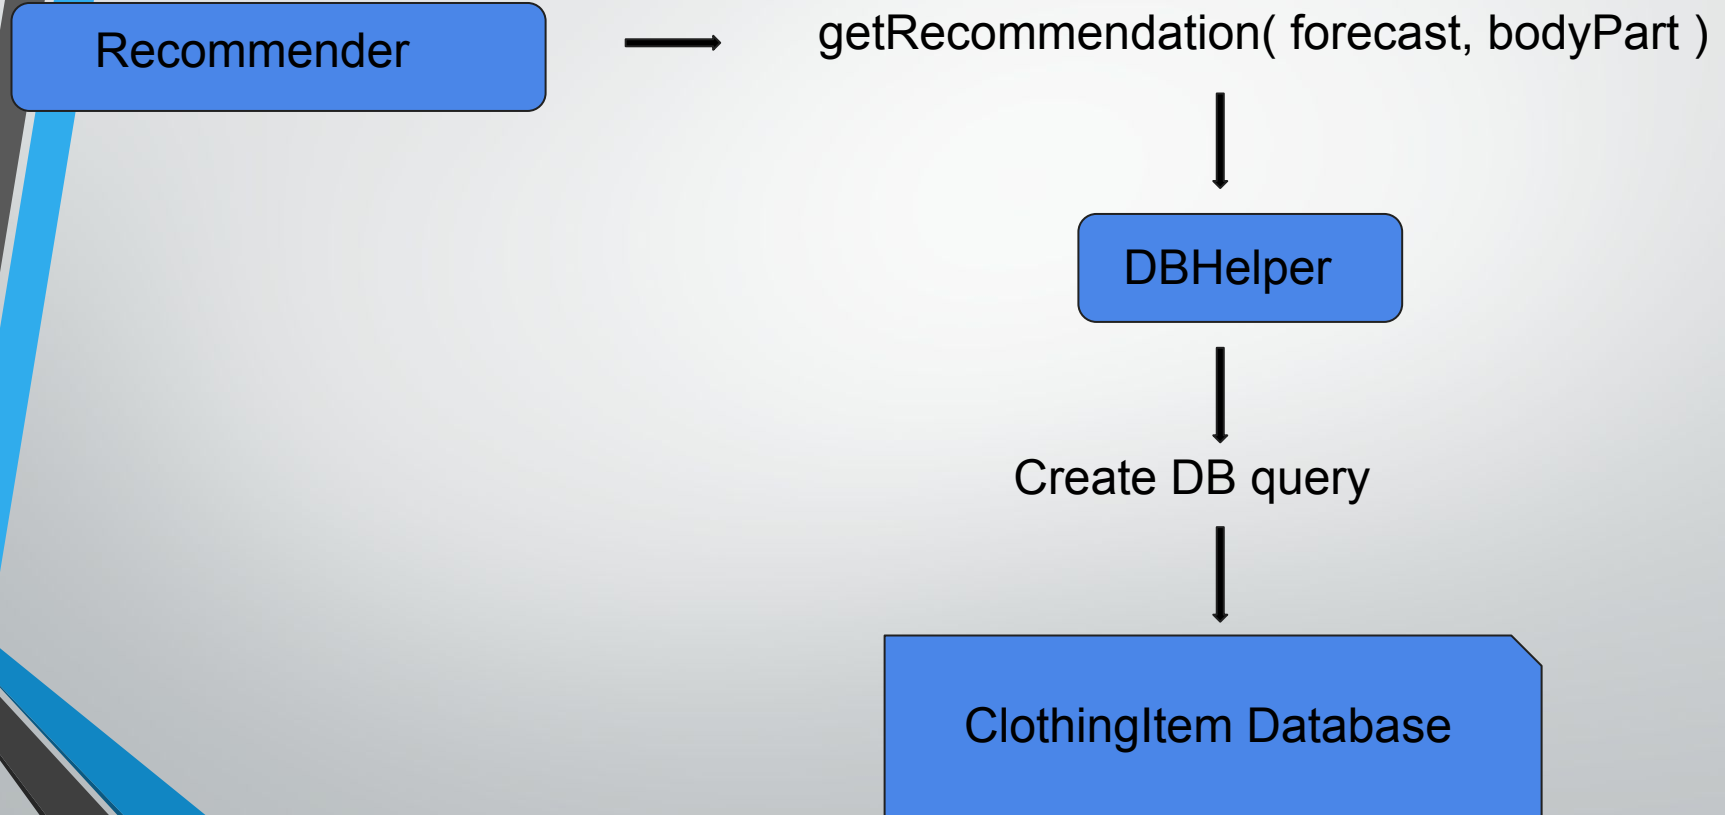

Use Case ID	UC-02
Use Case Name	View clothes recommendations
Use Case Description	User inputs personal preferences in settings when application is ran for the first time.

Actors	Application User		
Pre-Conditions	User settings have been set		
Post-Conditions	User viewing clothing recommendations

How the app talks to the Database

How weather and forecast are fetched

Class Diagram

Lessons Learned

- Planning ahead helps even if you have to deviate.
- Debugger is your best friend.
- Don't assume anything will be easy.

Thank You
